RICCARDO PITZANTI

Cloud Engineer

riccardopitzanti@gmail.com +39 348 1833297 github.com/ricp2015 ricp2015.github.io

EDUCATION

Sapienza Università di Roma | Master's Degree - Computer Science (LM-18) 2024 - 2026

- Final Score: 110/110 cum laude.
- Relevant Coursework: Network Performance, Cybersecurity, Distributed and Concurrent Systems, IoT, Data Science, Blockchain, Machine Learning, Big Data, Cloud Computing.
- Sample Project: Designed a serverless ETL pipeline using AWS Lambda, S3 and Python to perform NLP-based Named Entity Recognition on event-driven data streams. Technical report: link.
- Thesis: Benchmarking and Extending Community Notes as User-Driven Moderation.

Sapienza Università di Roma | Bachelor's Degree - Informatica (L-31) 2024

- Final Score: 106/110.
- Relevant Coursework: Programming, Database Management, Computer Architecture, Mathematics, Networks, Theory of Computation, Algorithms, Computer Graphics, Web Development, Cybersecurity.
- Thesis: Development, comparison, and application of natural language processing techniques for extracting socio-demographic features from self-reported data on social media.

EXPERIENCE

Full Time

ROME, IT

Cloud Engineer | Nimbus Reply NOV 2026 - ONGOING

- Multi-cloud solutions, cloud infrastructure, automation, and security in enterprise environments.

Other Experiences

ROME, IT (AND REMOTELY)

Private Teacher | Centro Studi ABC FEB 2021 - ONGOING

- Designed and taught customized curricula in STEM subjects for over 100 high school and university students.

CyberX-Mind4Future | Leonardo - Sapienza Universita' di Roma FEB 2023 - MAR 2023

- Placed in the top 20% after a national training program and a CTF competition, earning selection for the final cyber-attack and defense simulation at Leonardo's Cyber Range in Rome.

CyberChallenge | Sapienza Universita' di Roma FEB 2021 - MAY 2021

- Admitted to the program (top 10%) and placed 7th in the final Capture The Flag (CTF) competition.

SKILLS

Technical Python, Java, SQL, HTML/CSS/JS/PHP, LaTeX, C++, Git, Docker, Linux, TrueNAS, Networking, Firewall Configuration, Excel.

Analytical Algorithm optimization, software engineering, problem-solving, data interpretation, proactivity.

Language Italian (Native Speaker), English (C1 FIRST Certificate - Score: 181/190).

INTERESTS

DJ Since 2016, played at many public and private events in Sardinia, my homeland.

Homelabbing Built and co-manage a TrueNAS-based home server, gaining hands-on experience in storage management, networking, user access control, and system administration.

Finance and Economics Self-taught in financial models, economics, and financial instruments, with a special interest in personal finance.
